## WELCOME ADDRESS

The Annual Neuro Meeting was founded in 2000 to unite our Colleagues involved in neuroscience activities and so to improve outcomes for patients with life-threatening neurological illnesses by promoting quality patient care, professional collaboration across multiple disciplines, research, training, and advocacy.

The 11th Edition of the Meeting cements these goals during three full days of interactive sessions. Topics during this year's meeting include two hot topics sessions in Neurocritical Care, one in Neuroanesthesia, a "Join the Experts" on Awake Craniotomy and NeuroPediatrics, a Conference on Severe Brain Lesions, an oral presentation session and the 5th Young Investigator Award, seven Guest Lecturers by from some of the national and international well known Opinion Leaders.

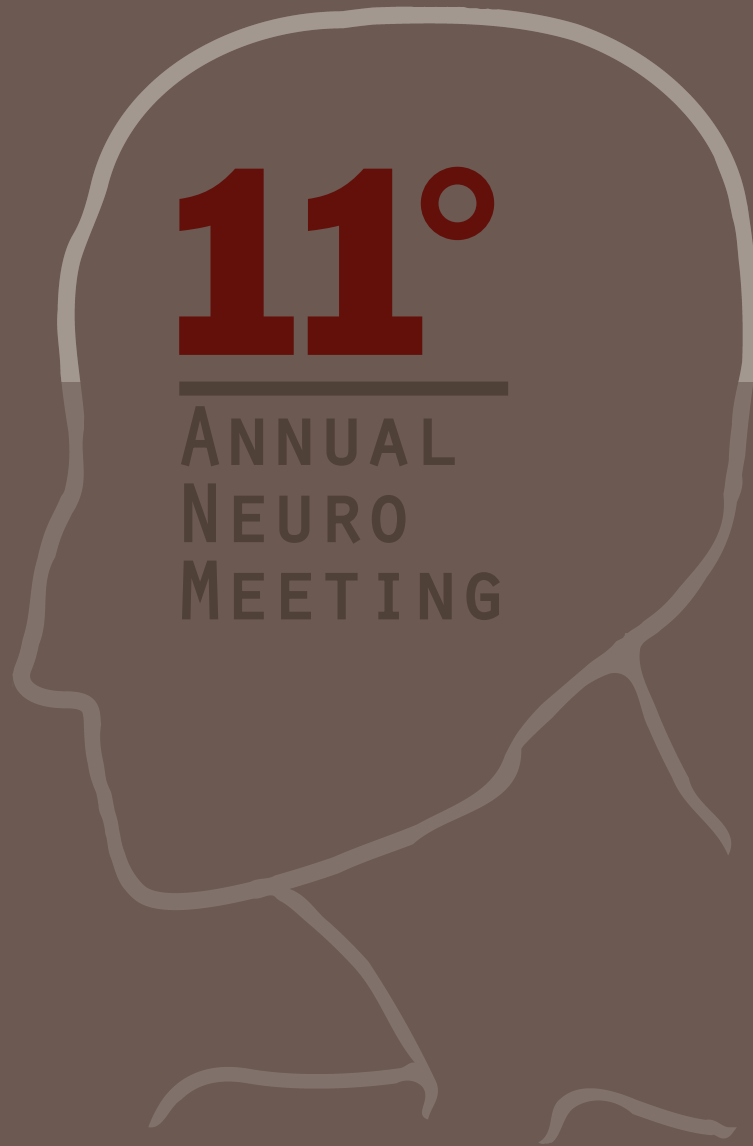

On behalf of the AnnualNeuroMeeting Program Committee, I invite you to join with us in Siena!
